A4L-3218	Improvement	Medium	Add client filter to the case board	QA Validated	12/19/2016 11:21	4/17/2017 11:06	* Users can now filter on Clients in the Case Board.
A4L-3595	Bug	Medium	Bugs from calendar	QA Validated	4/17/2017 10:25	4/17/2017 17:58	* Bug in the filter on a Case on Task Board, the system will give an HTTP error 500 * php error when adding a meeting and the session has no timezone * Bugs are fixed.
A4L-3556	Bug	Medium	Bug in api login when the user has avatar icon as a profile picture	QA Validated	4/3/2017 10:19	4/17/2017 15:37	* User can't log in from api if the user has an avatar icon as a profile picture. * Bug is fixed
A4L-3555	Bug	Medium	Bug in calendar when the user doesn't navigate through the calendar view	QA Validated	4/3/2017 10:05	4/17/2017 15:57	* Scenario: Add user and sign in with this user. Sync with google without navigating through the calendar view mode (month,week..) ,a PHP error is attained. * Bug is fixed.
A4L-3535	Bug	Medium	Bug in case board	QA Validated	3/22/2017 14:47	4/17/2017 16:05	* The first time the user opens the assign user pop up, the first group retrieves all users but if you choose a user group then re-choose this group, the users retrieved are the correct ones and thus the case is saving user team that is not related to the assignee. The solution: Add adefault value .
A4L-3530	Bug	Medium	Bug in profile pic	QA Validated	3/22/2017 10:40	4/6/2017 18:04	* Don't allow the save button to save the profile pic. * Bug is fixed.
A4L-3505	Bug	Medium	Bug in drag and drop in the case board	QA Validated	3/15/2017 17:08	4/5/2017 16:27	* Bug in case dashboard drag and drop when the user has no permission, the user is not able to change the status from/to global. It is now fixed.
A4L-3504	Bug	High	Bug in folder privacy	QA Validated	3/15/2017 16:50	4/4/2017 15:09	* Scenario: Add an attachment to a ticket from CP, case notes attachments folder is being created with the creator CP user. Click on share with specific users from the core, the created by is being added automatically but with wrong i d(id of the user id and not the cp user id). Solution: hide the link share for folders when the case is created from the CP. It is now fixed.
A4L-3479	Bug	High	Regression bug due to enhancing Contacts grid	QA Validated	3/13/2017 10:18	4/17/2017 18:51	* Try to display the footer and fix the problem with the grid content in contacts grid * Try to remove the unneeded horizontal scroll in the window in contacts grids * If you make the system filter (client, provider, ...) invisible to all => there is no option to make it visible again even if the user is administrator=>(Make system filters read only) * Fix design. * Bug when resizing the columns * Broken design on small screens check(upload.png) + the fixed header is not working * All the above is fixed.
A4L-3476	Bug	Medium	Db error when deleting company container related to a reminder	QA Validated	3/10/2017 10:57	4/4/2017 10:16	* It is now fixed.
A4L-3474	Bug	Medium	Bug in in Partner items in Invoice form	QA Validated	3/8/2017 18:12	4/17/2017 16:42	* It is now fixed.

A4L-3465	Bug	Medium	Unable to login in OTA for Active Directory Users	QA Validated	3/7/2017 15:43	4/17/2017 15:29	* API key is not generated by the creation of active directory user. It is now fixed.
A4L-3464	Bug	Critical	Unable to upload file that is larger than 7 MB on IIS using HTTPS mode	QA Validated	3/7/2017 15:42	4/17/2017 8:56	* It is now fixed.
A4L-3449	Bug	Medium	Missing Task data in Case export to word	QA Validated	3/2/2017 11:20	4/4/2017 14:34	* The assignee and due date on the related Tasks on the case and IP case doesn't appear in the export to word. It is now fixed.
A4L-3433	Bug	Medium	DMS - bug in pagination when searching or using breadcrumb	QA Validated	2/25/2017 13:10	4/17/2017 16:49	* Navigation in breadcrumb is not working when opening next page and back using the breadcrumb => solution is to reset the pagination number when searching or navigating using the breadcrumb. It is now fixed.
A4L-3432	Bug	Medium	DMS - bug in folder privacy	QA Validated	2/25/2017 13:04	4/17/2017 17:44	* Bug in the Folder Privacy: Create new Private folder with no shared users , in this folder upload an image or file and try to search this file it works successfully . share this folder with another user and try again to search this file,it's not working. * It is now fixed.
A4L-3377	Bug	Medium	Bug when using special characters(')	QA Validated	2/3/2017 16:06	4/12/2017 9:24	* It is now fixed.
A4L-3319	Bug	Medium	Case Assignee is empty in Case Form	QA Validated	1/13/2017 13:29	4/17/2017 17:15	Scenario: * Create case assigned to "User X" and Team 1 * Change Team from Team 1 to Team 2 for "User X" Problem: * Assignee is hidden in case form. Knowing that, the Case Board and Grids loads the assignee along with the old team (correct behavior) * The solution is to let the dropdown retrieve the assigned user. It is now fixed.
A4L-3266	Bug	Medium	Bugs when there is no default value in system preferences	QA Validated	12/28/2016 13:53	4/4/2017 12:55	* PHP error when opening the documents form in IP. It is now fixed.
A4L-3263	Bug	Medium	Behavior when new permissions are added	QA Validated	12/27/2016 19:07	4/14/2017 9:53	* There are sets where the child nodes are all checked but the parent isn't (it should be by default) * There are sets where the parent is checked but not all of the child nodes are checked (they should be by default) * It is now fixed.
A4L-3142	Bug	Medium	Bug when converting invoice from draft to open	QA Validated	11/24/2016 13:00	4/13/2017 10:58	This bug is reproducible when the invoice don't have any item: scenario: * Create new invoice with related items records. * Convert it to draft. * Remove all related records items. * Go to invoices grid and convert it to open. * a PHP error appears. * It is now fixed.
A4L-1681	Bug	Medium	Time log calculation is wrong	QA Validated	1/13/2016 13:18	4/6/2017 17:34	* Go to the Time log form, put in the Eff. Effort 1.2, the system will put it as 1h 11m. It should be 12 m. Check the problem with the calculation. * It is now fixed.
