App4Legal.v7.5 Release Notes

Important highlights from this release

1. Revamped the asset management module to better answer your needs, now you can add your own custom fields, upload documents and build reports.
2. App4Legal now integrates with Dropbox! All the documents you upload to Matters, Litigation Cases, Companies & Contacts are now synced with your Dropbox account.
3. Improved the overall performance of App4Legal.
4. Fixed minor bugs.
