## Work from home with App4Legal

With the current health situation, Legal Practitioners, in Law-firms or in in-house Legal Departments, are advised to **work from home** and to collaborate remotely!

Unfortunately, Legal teams are not fully equipped with the right tools.

The main challenge remains on "How to maintain the level of efficiency & productivity?"

At **App4Legal**, we took this topic very seriously, in order to help Legal Teams to collaborate from home and to implement quick solutions maintaining work efficiency.
