# App4Legal.v8.6 Release Notes

## Important highlights from this release

- Product Update: App4Legal Contract Management is now available as a stand-alone product with out of the box support with App4Legal Core
- New Feature: Advanced Export of Matter Container with fine-grain control on what to export.
- New Feature: A dynamic and revamped money module that you can configure with data-drill down support.
- New Feature: Task Board new UI/UX.
- New Feature: Archive Tasks directly from Kanban.
- New Feature: Advisor Portal is now available in multiple languages.
- Enhancement: Invoice Templates now supports more literals for translation.
- Enhancement: Invoice Grid now supports "Matter Assignee".
- Enhancement: Expense values can now default per category from the money module settings.
- Enhancement: When creating a task from a private matter, privacy rules will be inherited into the newly created task.
- Minor Bugs & Enhancements

| Issue Type | Issue key | Summary | Description |
|---|---|---|---|
| New Feature | A4L-6403 | Advanced Export for Matter Container | |
| New Feature | A4L-6533 | Archive/Hide Matters in Kanban with Filters | |
| New Feature | A4L-6697 | Add the invoice grid assignee to export to excel | |
| New Feature | A4L-6525 | AP translation | |
| New Feature | A4L-6555 | New UI/UX for Task Board | |
| New Feature | A4L-6581 | Money Module Dashboard | |
| Improvement | A4L-6445 | Change default order of grid columns for installations | |
| Improvement | A4L-6566 | New Window for Customer Support | |
| Improvement | A4L-6500 | Invoice Template - Invoice reference field | Invoice Templates are missing an invoice reference field |
| Improvement | A4L-5052 | Opponents & Stage Opponents in Hearing and Task pages | |
| Improvement | A4L-6676 | New API to retrieve the tasks assigned to other users than the logged user | Users need the ability to see all tasks, not only those assigned to them. |
| Improvement | A4L-6686 | API List companies | Add (email, phone, & mobile) for companies/list_companies in API |
| Improvement | A4L-6596 | Enhancements to Time Tracking in Money | add a new column to time tracking called "user rate" like the one in the time logs tab in the matter. The value of this column should come directly from the database at the time of saving the log so no need to fetch the value of the selected entity in money. Otherwise, it will be null or a fixed value.<br><br>Add the column to advanced search and excel as well.<br><br>In addition, we need to add the ability to split a time log + inline editing for editable columns like the behavior in time logs in a matter |
| Improvement | A4L-6644 | highlighting cards in the activities tab when closing any popup | |
| Improvement | A4L-6698 | Pagination links to be shown on the main page without scrolling down | |
| Improvement | A4L-6645 | Add pagination dropdown to card view in the activities tab | |
| Improvement | A4L-6677 | Contract improvements | |
| Improvement | A4L-6669 | Rename Show Summary | |
| Improvement | A4L-6670 | Tweak on Top Margin in invoice template | |

| Improvement | A4L-6532 | Manage Clients (CP) - Export to excel support all grid fields | The export to excel contains all fields. |
|---|---|---|---|
| Improvement | A4L-6508 | Report Builder - Hyperlink results | Make the results of the Report builder as clickable hyperlinks that take you directly to the Matter. |
| Improvement | A4L-6174 | IP grid needs to have created by and created on | we need the grid of IP to show those 2 fields. |
| Improvement | A4L-6505 | Time logs - export to Word | Support exporting a time log to a Word document |
| Improvement | A4L-6614 | Make contract date a mandatory field | The contract Date field is used in the dashboard in the contracts received this month widget, so it should be required to show all contracts received this month |
| Improvement | A4L-6513 | Enhance the design of add and edit of contract templates | |
| Improvement | A4L-6699 | Enhancements to contract questionnaire | |
| Improvement | A4L-6565 | Change Document Generator in Contract | |
| Improvement | A4L-6396 | Separate invoice title per invoice template | . |
| Improvement | A4L-6498 | Expense Category - default amount | Expense Categories to support having a default amount field as invoice items do |
| Improvement | A4L-6469 | Money Settings - Delete options for unused items | Allow a user to delete the following if no previous transaction relating to them exists:<br># Expense Categories<br># Invoice Items |
| Improvement | A4L-6468 | Task Privacy | When creating a Task from a private matter, the task should be private by default and we set the shared with the same as the matter. |
| Improvement | A4L-6659 | Contract Questionnaire Phase 2 | Added support for drop-downs and radio buttons |
| Improvement | A4L-6651 | Advisor email notifications revamp | |
| Improvement | A4L-6477 | Invoice language options - support internal reference number | |
