

How to Apply Filters on Matters

Objectives

- Advanced search and create filters
- Quick search using filters

Steps

Each grid in Lexzur provides users with the flexibility to search for desired items easily using various criteria tailored to their needs. This allows users to create and save their filters for reporting purposes. Here's how to do it in Matters:

- Navigate to the Matters Module. Click on "Corporate Matters," "Litigation Cases," or "Matter Containers" to access the list of matters.

To enable this feature, go to **System Settings System Preferences Setup and Configuration**:

then navigate to the **System Values** tab, and set "Show Advanced Menu Items" to "Yes."

Once enabled, you'll have the option to choose the filter directly when hovering over the matters from the navigation menu.

Similarly, you can manage filters for Litigation Cases and Intellectual Properties at their respective levels.
