

# Manage Apps in LEXZUR Marketplace

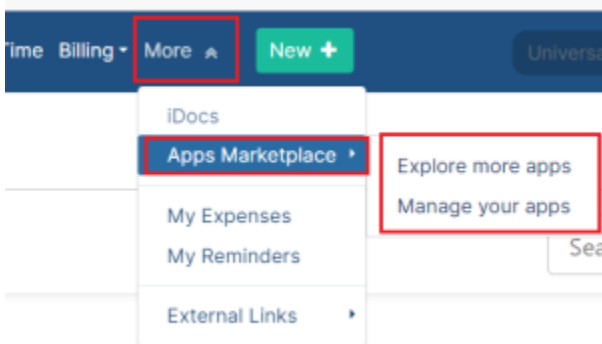

## Objectives

- [Manage your Apps](#)
- [Find new Apps](#)

## Steps

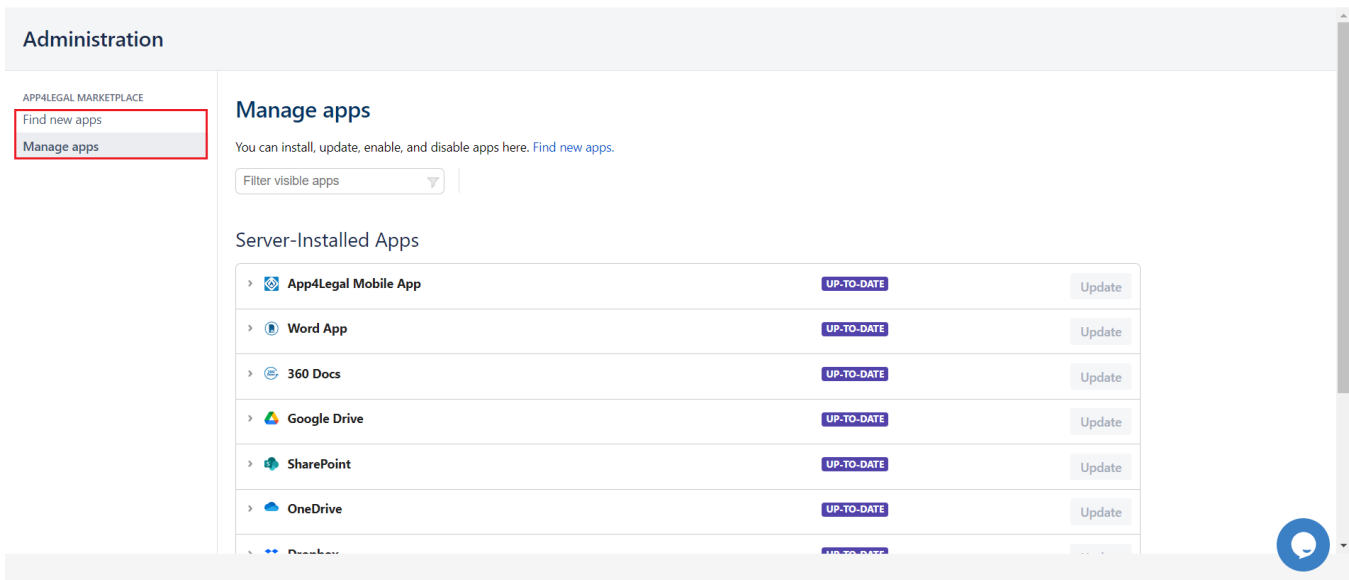

LEXZUR Marketplace allows you to manage and centralize all LEXZUR apps in one place. You can now easily install, update, enable, disable, configure, and discover more powerful apps.

From the **More** options in the main menu, click to access the **Apps Marketplace**, where you can Manage or explore more apps.

## Manage Apps:

The manage apps page lists all your installed apps.

You can update and manage your apps as well.

Click on the App to see its details, and **uninstall** or **configure** it. You can disable or uninstall any app easily and at any time.

OneDrive

UP-TO-DATE

Update

Use this application to integrate your OneDrive account with App4Legal Software.

**Why update to v. 1.0.0 ?**

Version 1.0.0 includes improvements, fixes, and features.

[Read release notes for v. 1.0.0](#)

Uninstall

Configure

	<div>Installed version:</div> <div>Available version: 1.0.0</div> <div>Vendor: App4Legal</div> <div>Support: Supported by App4Legal</div> <div>App key: OneDrive</div>	<div><a href="#">Documentation</a></div> <div><a href="#">Support and issues</a></div> <div><a href="#">Store</a></div>
--	--	---

The **Configure** button will direct you to the suitable configuration page in the system.

## Find New Apps:

The Find new apps page allows you to search for the App you want, and categorize them.
